SHOOT BANDITS

with the proved BEATTIE-COLEMAN SURVEILLANCE CAMERA SYSTEM

Successfully used in numerous bank robberies, the sharp, clear photographs have been invaluable in apprehending and convicting the criminals. All electric, fully automatic, takes up to 600 pictures in rapid succession. Uses large 35mm film for clear, sharp enlargements and best identification.

Has ultra-fast 50mm f/2.8 lens. Wide-angle view gives 52° coverage. Solid-state electronic shutter assures stop-action pictures. Sound-suppressed case. Easily concealed. Used by Bank of America, Chase Manhattan, etc. Send for catalog: Coleman Engineering Co., Inc. Box 1974, Santa Ana, California 92702.

TIME LAPSE CAMERAS

HOW'S THIS FOR INTERVAL CONTROL?

Just a turn of a knob adjusts time interval between exposures from 3 to 90 seconds. Or timer can be set to take a photograph at the end of each pre-set interval from 16 to 32 hours. Automatic f-stop compensates for light changes. AC or battery. Extremely reliable operation. Just set it and forget it.
